# DocuPrint P255 dw and M255 z Monochrome S-LED Printer

The smart and economical choice  
for small businesses

# The Fuji Xerox DocuPrint P255 dw and M255 z S-LED (Self-Scanning Light Emitting Diode) compact desktop printers combine high performance and efficiency, with wireless networking and duplex as standard. The DocuPrint P255 dw and M255 z are the right choice.

An ideal mix of exceptional print quality and low cost of ownership, the DocuPrint P255 dw and M255 z are designed with your business productivity in mind.

## Outstanding value for money

- **Affordable printing.** The DocuPrint P255 dw and M255 z rank among the most cost effective printers on the market today, delivering capabilities such as wireless workgroup sharing without the added infrastructure cost.
- **Lower cost per print.** The economical twin pack toner helps you keep your cost per print to a minimum. In addition, the toner save mode gives you the option to use less toner per page.
- **Low cost of ownership.** The fixed drum feature of the DocuPrint P255 dw and M255 z means there's only one consumable to replace, and that keeps your cost of ownership down.
- **Lower operating temperatures.** Lower power bills. The printers use the EA-ECO toner which works with a fusing temperature 20°C lower than conventional toners. That means great energy-saving performance and up to 40% reduction in power consumption during printing.
- **Double sided, half the paper.** The built-in duplex function can cut your paper costs in half by simply opting to print on both sides of the page.
- **High reliability = high productivity.** Self-scanning LED technology means fewer moving parts which increases reliability and keeps your business running like clockwork.

## The perfect addition to your office

- **Compact, quiet lightweight design.** Ideal for small offices, both the DocuPrint P255 dw and M255 z fit neatly on a desk top without encroaching on space or productivity.
- **Superb print quality.** Award-winning S-LED technology and DELCIS enables crisp and accurate 1200 x 1200 dpi printing, ensuring professional, impressive results.
- **Print from any application.** The printer is PostScript® 3™ compatible and PCL, so you can trust your document will print the way you intended.
- **Professional output.** Automatic double-sided or booklet printing gives you the edge in document presentation.
- **Wireless networking.** The built-in 10Base-T/100Base-TX networking and wireless function enables work groups to seamlessly connect and give everyone access to outstanding print quality.
- **Monitor and configure job status.** The Centroware Internet Services (CWIS) function allows for easy configuration and access to job status of the printer on the network.
- **Multiple Operating System support.** The DocuPrint P255 dw and M255 z are supported by Windows, Mac and Linux platforms for maximum flexibility in your workplace.

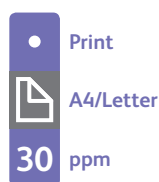

## Easy on the environment

- **Energy Star® qualified.** The DocuPrint P255 dw and M255 z carry the International Energy Star Qualification for energy efficient products which means they won't make a big impact on your power bill.
- **Use less paper.** Set your printer to automatic 2-sided printing and reduce the environmental footprint in your office.
- **Reduced landfill waste.** Not only do you save costs on consumables, but the fixed drum and smaller toner design means there's less waste going to landfill sites.
- **Green Technology.** EA-Eco toner uses 25% less energy to manufacture and less waste is produced than conventional toner.
