

Supplies

Consumables	
Black (up to 6,500 pages)	CT200805
Cyan (up to 6,500 pages)	CT200806
Magenta (up to 6,500 pages)	CT200807
Yellow (up to 6,500 pages)	CT200808

– Capacities are approximate, based on 5% coverage on an A4-size page.
– Printer is shipped with starter toners of 3,000 pages yield each.

Additional Supplies

Drum Cartridge	CT350445
(up to 28,000 Black and White or 14,000 colour pages)	
Maintenance kit	CWA0679
220V (up to 100,000 pages)	

Life expectancy is based on A4 size pages. Mixed printing patterns and specially media, may significantly reduce the unit life.

Accessories

550 sheet feeders	EL300588
(maximum of 3 can be added)	
Cabinet	EL300590
Castor	EL300591
(required when 2 or 3 extra 550 sheet feeder are added)	
Network Expansion Card	EL300587
Internal Hard Disk	EL300586

Additional Memory

512 MB Memory	EL300452
256 MB Memory	EL330061

CONFIGURATIONS		DocuPrint C3055DX
Performance		
Print speed		35 ppm monochrome and 8 ppm colour A4 size
First page out		11 sec. monochrome and 22 sec. colour
Memory (std./max.)		256/640 MB RAM
Processor		350 MHz
PDL (Page Description Language)		PCL6/ PCL5e/ Adobe PS3/ FX-PDF/ ESC/P
Maximum monthly duty cycle		65,000 pages
Print Quality		
Print resolution		600 dpi (9600 x 600 image enhancement)
Interface		
Standard		Ethernet 10/100Base-TX, Parallel IEEE1284 , USB 2.0
Paper Handling		
Duplex printing		Standard
Media input capacity	Standard	Bypass tray: 155 sheets, Tray 1: 250 sheets
Maximum input capacity	Optional	2055 sheets
Media output capacity		550-sheet standard tray face down
Printer Features		
Colour printing access control		Standard (Auditron)
Maximum printing access control		Standard (Auditron)
Internal Hard Disk Drive		Yes (optional)
Device Management		Standard - Embedded Web Server, Remote Printing, Email Alerts
Warranty		Please check with your Fuji Xerox Printers reseller for more information

SPECIFICATIONS

Network/Software
Supported Protocol: LPD, Port9100, IPP¹, SNMP, HTTP, HTTPS¹, DHCP, BOOTP, RARP, AutoIP, WINNS¹, FTP, SMB¹, DNNS¹, SMTP, NetWare¹, Bonjour (mDNS)
Printer Management: CentreWare IS Embedded Web Server (EWS).
Font Capabilities: 81 standard European fonts
Printer Drivers: (PCL6 only) Windows 98/Me/NT4.0 (SP4 or later)/2000/XP/Server 2003, Mac OS 9.1, Mac OS X (10.2 or higher)
Languages: ESC/P, FX-PDF, PCL6, PCL5e Adobe® PostScript® 3

Paper Handling
Bypass Tray: Plain (60 to 80 gsm), Bond (81 to 105 gsm), Heavyweight (106 to 216 gsm), Coated (60 to 216 gsm), Transparency (for monochrome printing), Labels, Envelope, Recycled
Paper Tray: Plain (60 to 80 gsm), Bond (81 to 105 gsm), Heavyweight (106 to 216 gsm), Coated (60 to 216 gsm), Labels, Recycled
Duplex Printing: Plain (60 to 80 gsm), Bond (81 to 105 gsm), Heavyweight (106 to 163 gsm), Coated (60 to 105 gsm), Recycled

Media Sizes
Bypass Tray: A3, B4, A4, B5, A5, Ledger, Legal 14", Legal 13, Letter, Executive, Post Card(A6), Pre-paid postal card, C5, COM-10 DL, Monarch, Custom size: Minimum Size: 75 x 98mm, Maximum Size: 297 x 431.8mm
Paper Tray with Paper trays 250/550 Sheet Feeder: A3, B4, A4, B5, A5, Ledger, Legal 14", Letter, Custom size: Minimum Size: 210 x 148mm, Maximum Size: 297 x 431.8mm
Duplex Printing: A3, B4, A4, B5, A5, Ledger, Legal 14", Legal 13, Letter, Executive, Custom size: Minimum Size: 210 x 148mm, Maximum Size: 297 x 431.8mm

Special Features
Productivity Tools²: Secure print, booklet printing, watermarks, banner printing, sample print, form overlay printing, IP address restriction, control panel restriction and ID printing.

Colour Controls
Selectable Print Quality Modes: Standard: 300 x 300 dpi; High Quality: 600 x 600 dpi (up to 9600 x 600 dpi)
Image Auto Correction: Off, Standard, Portrait, Landscape, Map
Image Types: Normal, Photo, Presentation, Web pages, POP

General Specifications
Dimensions: (W x D x H)
499.5mm x 534.0mm x 407.0mm
Weight: 41.6 kg (CRUs included)

Operating Environment:
Temperature: 10 to 32°C
Relative Humidity: 15 to 85% (no condensation) Humidity should be 47.5% or below at 32°C, and temperature should be 27.8°C or below at 85% humidity.
Noise level:
Standby mode: Silence (no fan)
Operating mode (LpAm) : 54dB
Electrical:
Consumption:
Standby mode 1:
<27Wh (220V - 240V)
Standby mode 2:
<5W (220V - 240V)
Operating mode: (Maximum with Options)
<1010W (220V - 240V)

¹ Requires optional Network Expansion Card.
² May require options or additional memory.

The ultimate
in compact design
and affordability
A3 Business and Workgroup
printing solution

Small footprint Big capabilities

The C3055DX packs a lot of features in a very small package. It's the world's smallest A3 size mono printer replacement – that also prints in colour. Its versatility makes it perfect for small to medium workgroups that demand performance, flexibility and professional print quality.

Performance and versatility – in one compact design

Flexible and fast, the C3055DX delivers an impressive A4 black and white print speed of 35 ppm with a quick first print out time of just 11 seconds. Faster print speeds means less waiting time and more efficiency.

Fast mono, plus A3 size and colour prints

In addition to delivering impressive mono print speed, the C3055DX gives you the ability to print A3 size, for newsletters or big Excel worksheets, with the added bonus of delivering crisp full-colour prints.

Print everything in-house

Now everything you need can be printed on one single, small-size printer. From postcard size up to A3 size, 60 gsm up to 216 gsm, black and white to colour - you can print everything in-house, saving time and money.

NIE technology automatically corrects dark, improperly balanced images for optimum output quality.

Smallest footprint that will fit any office no matter how small.

Uncompromising quality

Advanced multi-level screen technology

Fuji Xerox unique multi-level screen technology automatically switches between the image processing methods for different objects such as photos, texts, and graphics in a document, producing optimal quality printing.

Unique NIE technology corrects improperly colour-balanced images

NIE (Natural Image Enhancement) technology automatically corrects the contrast and colour balance of poorly balanced images such as digital photos before printing.

Advanced colour correction by 3D-ACM

Fuji Xerox's advanced colour correction technology, 3D-ACM, ensures that various types of documents (text, photos, presentations, and Web pages) are printed with optimum colour.

Value-packed features – right out of the box

The C3055DX boasts a range of features that deliver even more value. With automatic duplex, you'll save paper and produce professional looking double sided documents. With the network interface you can share the printer with your colleagues in the office and with PostScript 3, you can print from any environment – and it's all standard 'right out of the box'.

Less waste

Using the proven Fuji Xerox "elasticity belt/lap transfer technology" and "EA toner" means perfect registration and transfer of toner to the paper. Not only does this deliver superb print quality, but it ensures that over 98% of toner is used for printing and that means less waste and less machine contamination from floating toner particles – resulting in greater reliability.

Conventional Toner particles

EA Toner particles

Fuji Xerox "elasticity belt/lap transfer technology" and "EA toner" means perfect registration and transfer of toner to the paper.

Take control

The C3055DX comes with powerful software that enables you to take control of your workflow.

Easier system administration

When the printer is installed in a TCP/IP environment, CentreWare Internet Services lets you check the printer status and configure settings using a web browser on a network computer – you can even check the printer status via e-mail.

Control usage and control costs

Auditron Printer Monitor can be used to control usage, for example setting limits on things like print volume and colour printing, which can help control and reduce your costs.

Expand your horizons

Upgrade to large input capacity of up to 2,055 sheets for less intervention and higher office productivity.

A3 multifunction ready – print, copy and scan with EASE!

The C3055DX can be easily upgraded to a powerful copier and scanner. Using the DSC4250 scanner and optional stand, or additional 2 feeder with Caster kit you can scan or copy quality black and white or colour documents up to A3 size.

DPC3055DX shown with optional DSC4250 scanner and stand.
