Superb quality and impressive performance for busy enterprises

Fast, super high-quality colour output, network ready and loaded with features. Make your office run smoother with the high-performance DocuPrint C3300 DX. With features and functions designed to maximize productivity, this richly featured printer is the perfect match for workgroups in fast-paced large enterprises that require beautiful output and leading-edge performance.

Everything for busy enterprises

Out-of-box, the DocuPrint C3300 DX is ready to print. You will appreciate the built-in functionality that is usually optional on other printers in its class — everything you need to get the job done without worrying about expensive upgrades.

- **Standard duplex printing and 700-page media capacity** — a winning combination for knocking out multiple pages print jobs.
- **Administration tools** that provide intuitive, browser-based configuration of printer and user settings.
- **Enterprise-level compatibility** allows easy rollout for printing in Citrix and SAP environments.

Crisp, professional-looking documents

High-resolution and superior colour combine to give your documents a polished look. Photos come to life with breathtaking clarity, while charts and graphs command special attention — a nice touch for the office that wants to look its best.

- **Razor-sharp printing** at 1200 x 1200 dpi produces crystal-clear text, photos and graphics. Even small text and super-fine lines display exceptional sharpness.
- **Rich and vibrant colour** is yours thanks to Fuji Xerox's unique EA-HG toner. The small and uniformly shaped toner particles deliver breathtaking results.
- **Compatibility with Adobe® PostScript® 3™ and PCL6** lets you choose the right driver for the application, thereby giving you increased control over print operations.

Performance-based functionality

The DocuPrint C3300 DX has the power for any office as it is designed to satisfy the increasing needs of busy workgroups. Whatever the task, its outstanding speed and responsiveness keep your office humming at peak productivity.

- **Lightning-quick 30 ppm output** and a fast full-colour first-page-out-time of less than 16 seconds reduce waiting time and eliminate bottlenecks at the printer.
- **A 400 MHz processor and 256 MB RAM** (expandable to 768 MB) shortens the processing time of complex and graphics-intensive documents.
- **Built-in duplex unit and up to 1,250-sheet media capacity*** vastly expand output capabilities — an excellent solution for printing multiple sets of multiple pages documents and reduce user's intervention to refill paper

* With the optional 550-sheet feeder.

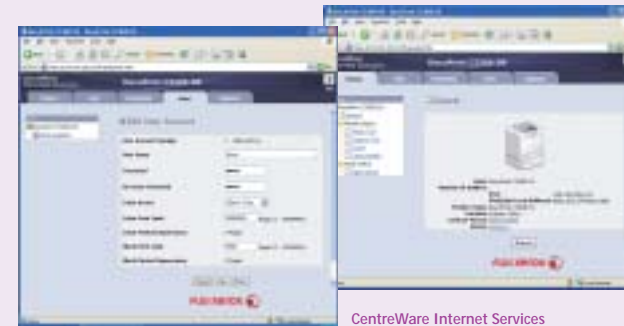

Effortless maintenance and administration

The DocuPrint C3300 DX is a joy to users and administrators. Replacing consumables is fast and straightforward while printer and user administration is as simple as point-and-click.

Easy front access

Consumables such as toner, fuser, and belt unit are conveniently located and easily accessed from the front. This intelligent design reduces the space needed for installation.

CentreWare Internet Services

Simplify installation and configuration. Also to obtain up-to-the-minute status reports with this browser-based software. Automatic e-mail alerts notify administrators or users of events that require attention such as low toner levels.

Fuji Xerox Auditor

Keep track of printer usage and set print limits to users with this comprehensive set of management tools for network administrators.

Comprehensive networking

Versatile connectivity and a host of privacy features make the DocuPrint C3300 DX the wise choice for today's complex and security conscious environments.

- **Multiple interfaces** allow connection to your existing office LAN via 100Base-TX/10Base-T or directly to a computer via USB 2.0.
- **Solid security features** provide everything you need to protect confidential data — both over office LANs and the Internet. Tools include IPv6+IPSec, IEEE802.1X authentication* and SNMPv3 (for TCP/IP).

* Requires the optional hard disk.

- **Multiple platform compatibility** extends not only to Windows and Macintosh networks but also various versions of Linux.

Enterprise-wide operations

Full support on wide-area-network printing in Enterprise Resource Planning (ERP) applications allows users to access the complete function set of the DocuPrint C3300 DX. Whether it is Citrix or SAP, Fuji Xerox ERP solutions assure you of the same feature-rich environment just as printing over the office LAN.

- **Print Utility for Citrix XenApp™** enables expanded Citrix printing with the DocuPrint C3300 DX. The latest release of the utility adds a variety of new features, thereby providing enhanced usability and improved administration.
- **ApeosWare Device Type** enables the DocuPrint C3300 DX to be used in SAP R/3® or mySAP™ environments. Beautifully formatted reports, forms and barcodes are produced and administrative chores are simplified with this software.

Environmentally conscious

Fuji Xerox shares your concern for the earth and strives to minimize the environmental impact of all our activities. Our environmental responsibility covers the entire life of the DocuPrint C3300 DX, from manufacturing and operation, to production and recycling of consumables.

Oil-free and reduced CO2 emissions

EA-HG toner used in the DocuPrint C3300 DX does not contain oil, thereby helping to conserve this precious resource. In addition, the amount of CO₂ emitted during manufacturing is reduced up to 35%, further reduce environmental burden.

Power saving operation

The DocuPrint C3300 DX consumes only 9 W of electricity per hour during sleep mode and has a highly efficient TEC (typical electricity consumption) of 2.351 kWh per week.

Forest-friendly

Packaging for high-capacity (9,000-page) toner cartridges consumes 20% less paper than packaging for low-capacity cartridges used by some of our competitors. Likewise for your printing paper, Fuji Xerox forest-friendly packaging utilizes recycled paper.

Certified energy efficient

The DocuPrint C3300 DX carries International Energy Star certification. Energy Star is a voluntary labelling program designed to identify and promote energy-efficient products to reduce greenhouse gas emissions.
