SPECIFICATIONS

Features

Font capabilities 137 Resident PS fonts and 81 PCL

Printer drivers Windows 2000/XP 32 and 64 bit OS, MacOS 9.x/X, version 10.2 or higher, Novell NetWare 5.x/6.x, UNIX (Linux 5.2+, Sun OS 4.x,Sun Solaris 2.4+, DEC, HP/UX 11.x, IBM AIX 4.2+, SGI, SCO), Xerox Walk-up printing drivers with Windows 2000 or higher

Languages True Adobe® PostScript® 3™, PCL5c emulation with automatic sensing and switching.

Special Features

PrintingScout Instantly displays pop-up Help if attention is needed during print jobs.

PhaserSMART provides automated internet-based support.

Auto Install automatically gets you printing over the network in seconds.

Productivity tools for the user: Secure Print, Proof Print, Saved Print, Personal Print, Print With, Booklet printing, Scaling, Watermarks, Collation, Separation pages, N-up, Run Black, Smart Duplexing, Intelligent Ready, Remote printing, Configurable Tray 1 Behavior, Job Pipelining, Extended Font Storage.

Productivity tools for the IT manager: CentreWare IS Embedded Web Server, MaiLinX Email Alerts, Printer Neighborhood, CentreWare Printer Management Software, Job Accounting, Usage Analysis.

Paper Handling

Tray 1: *standard:* 150 sheet capacity. 75–255 gsm, Custom sizes ranging from width of 100–320* mm and length of 140–1200 mm Envelopes: #10, Monarch, A7, DL, C6, C5, C4, B5.
*Width of 320mm is limited in length, performance of banner-size printing is affected by media length and media weight

Tray 2: *standard:* 500 sheet capacity. 75–220 gsm, Custom sizes from 140 x 182 mm to 297 x 432 mm

Tray 3: *standard on GX and DX:* 500 sheet capacity. 75–220 gsm, Selectable standard sizes up to Tabloid/A3 (297 x 420 mm)

Trays 4, 5: *standard on GX:* 1,000 sheet capacity. 75–220 gsm, Selectable standard sizes up to Tabloid/A3 (297 x 420 mm)

Trays 4, 5: *standard on DX:* 2,000 sheet capacity. 75–220 gsm, Letter/ 8.5 x 11 in. (A4/210 x 297 mm and B5/182 x 257 mm)
All tray capacities based on 75gsm paper

Automatic 2-sided printing: 75–169 gsm

Finishing: Staples on media up to 80 gsm, Folds and Staples up to 10 booklets of 10 sheets

Colour Controls

Colour standards PANTONE®-approved solid-colour simulations, Adobe PostScript device-independent colour, CIE International colour standards, and support for ICC, ICM and Apple ColorSync colour management systems

Colour correction TekColor Dynamic Correction Colour Profiles selectable from the driver: Automatic, sRGB Display, sRGB Vivid, LCD Display, SWOP, Euroscale, Commercial, SNAP, Japan Colour, ISO Coated, ISO Uncoated, Black and White, None, and custom colour sliders. Plus up to 10 custom TekColor corrections based on device profiles (with PhaserMatch 4.0).

PhaserMatch 4.0 colour management for custom profiles Standard GX and DX, Optional DN.

Operating

Dimensions (Width x Depth x Height) 7760DN: 644 x 724 x 493 mm, weight: 92 kg 7760GX/7760DX: 644 x 724 x 857 mm, weight: 7760GX: 122 kg, 7760DX: 132 kg Finisher: 644 x 889 x 991 mm, weight: Office: 83 kg, Professional: 115 kg

Environment Temperature: Storage: -20° to 48° C Operating 10° to 32° C Relative Humidity: Storage: 30% to 85%, Operating: 10% to 85%. Noise Level: 33dBA standby, 51 dBA running.

Electrical Consumption: Printing: 764 Watts, Standby: 135 Watts, Power Saver: 14 Watts, ENERGY STAR® qualified printer.

FUJI XEROX

Phaser 7760
Colour Laser Printer

Phaser 7760
Tabloid Colour Laser Printer

High-quality, consistent colour is crucial when you rely on stunning visuals to convey your ideas and concepts. That's why the Fuji Xerox Phaser 7760 colour printer is the designer's choice. It offers brilliant colour, blazing speeds and easy-to-use features that make the most of everything you print.

Phaser 7760DN

Built in colour calibration tools give you the final output you want.

Quality colour you can count on

The colour you want is the colour you get. This printer features technologies and software that allow you to specify and control the output colour, so the results match your expectations. You get consistent colour accuracy, sharp images, and crisp text, from the first page to the last.

- Up to 1200 x 1200 dpi resolution for fine line detail and crisp text.

- 600 x 600 x 4 dpi Photo Mode for smooth colour transitions, especially flesh tones.

- Glossy, vivid colours and rich, deep blacks.

- Black Trapping ensures that black text on coloured backgrounds and coloured text on black backgrounds prints sharp and clear.

- TekColor correction helps you simulate output colours of your computer screen, printing press or other device. Colour can be managed automatically as well as manually for office graphics, press separations, monochrome graphics and spot colours via an industry-leading driver interface.

- PhaserMatch® 4.0 colour management and calibration software adds another level of colour control and helps maintain colour accuracy.

- Incredibly consistent output through-out the length of the print run.

Unbeatable performance

When it comes to printing important projects on time, you need both quality *and* speed. The Phaser 7760 printer is designed for high volume printing and offers impressive print speeds, efficient processing and other time saving features. You get consistent quality whenever you need it.

- Printing speeds up to 35 ppm colour and 45 ppm black-and-white.

- 800 MHz Power PC processor handles complex, graphic-intensive layout files with ease.

- First-page-out time as fast as 9 seconds for colour.

- Up to 1 GB of memory minimizes print queues and keeps production moving.

- Supports custom page sizes, booklet and banner printing and reliably prints on a wide range of media types and heavy paper weights for maximum project flexibility.

Advanced Colour tools allow you to fine-tune output to your specifications.

Large, six-line control panel gives quick access to all print functions and provides help solutions if needed.

Set up, manage and print with ease

Your busy office or graphics department needs a reliable printer that is easy to operate, requires minimal maintenance and will not slow you down. Simple setup and easy-to-use features of the Phaser 7760 save valuable time and free you up to focus on your work, not your printer.

- Simple automated print driver installation gets you printing in minutes.

- It fits easily into your office, either as a desktop unit or a hard-working floor model with plenty of paper capacity. Both require only front and side access.

- PrintingScout® alerts and media size sensors offer built-in help to ensure your job is printed correctly.

- PhaserSMART® remote diagnostic tool offers solutions and trouble-shooting help if needed, saving you time.

- CentreWare® Internet Services embedded web server allows you to manage, configure and troubleshoot your printer from any location on the network using a web browser.

- Smart Tray feature provides real-time paper tray status at your desktop – showing available media types and sizes – and automatically selects the correct tray.

- Smart two-sided printing feature automatically detects single-page print jobs and bypasses the duplex unit.

Phaser 7760GX with Professional Finisher

Advanced finishing and paper handling

- Optional finishers eliminate the effort and expense of collating, folding and stapling by doing it for you.

Finishing Options

Sort *(Job Offset)* **and Collate**
Save valuable time

Staple
Multiple position and placement to enhance usability

Hole punch
Options meet worldwide conventions

Fold
V-fold brochures are folded and ready for distribution

Booklet
Saddle-stitch booklets in-house to reduce costs and eliminate delays
