

HiTi P110S PocketStudio

Freedom of Mobility • Business Anywhere

► HiTi Innovation: Studio-on-the-go

Since its establishment, HiTi has strived to offer convenience to digital photo printing users. After successfully developing the world's first Standalone Photo Printer, HiTi is continuously making efforts in developing the all-new Studio-On-The-Go product with easy-carry appeal, allowing customers to bring their photo business anywhere. HiTi P110S is the best representative work of this concept. Its ultra mobility and portability make it a superior mobile photo printer.

Studio
on the go

Stylish Compact Design

Weighs only 2.2kg (4.85 lbs), HiTi P110S is designed to be compact and portable. Its mobile printing features are specially proposed for professional on-site photographers.

► Freedom of Mobility

Standalone Operation (No Computer Required)

The standalone HiTi P110S delivers unique design with ultra mobility and portability. Utilizing a graphic user interface on a 2.5-inch color LCD, it is very easy to operate HiTi P110S printer without the need of a computer.

Optional Battery Pack

The freedom of mobility can be obtained simply by powering up the HiTi P110S mobile photo printer with the fully charged battery pack PB-110.*

* Package content may vary in different regions. Please check with your local dealers.

Optional Feature Proven Carrying Bag

The multi-functional P110S carrying bag is specially designed for HiTi P110S photo printer while the printer is setting inside the bag and being carried around. The carrying bag gives extra convenience to the photographers to carry the machine around during the operation.

► Risk-Free Investment

1-Year Unlimited Prints Warranty

The HiTi P110S offers a 1-year unlimited prints warranty that safeguards your investment for photo business and provides the worry-free purchase and operation.**

** Conditions applied. The warranty may vary by region. Please see warranty policy for details.

► Business Anywhere

HiTi P110S is the professional mobile photo printer dedicated for the photographers who demand mobility while work. With such high convenience/mobility gear, coupled with supreme multi-functional photo editing software/utilities, users can shoot and print high-value photos anywhere and substantially increase opportunities for business.

Mobile ID/Passport Photo Printing Business

The mobile ID photo studio is possible through the mobility of P110S and special software for ID photos. ID photo photographers can practice business any place.

■ ID Creator

Designed for Passport / ID photo users. You can easily design multiple ID formats in a few simple steps and then load them to the printer for future use.

■ IDQuickDésirée

PC-based software gives users the ability to print Passport / ID photos.

Mobile Event Photo Printing Business

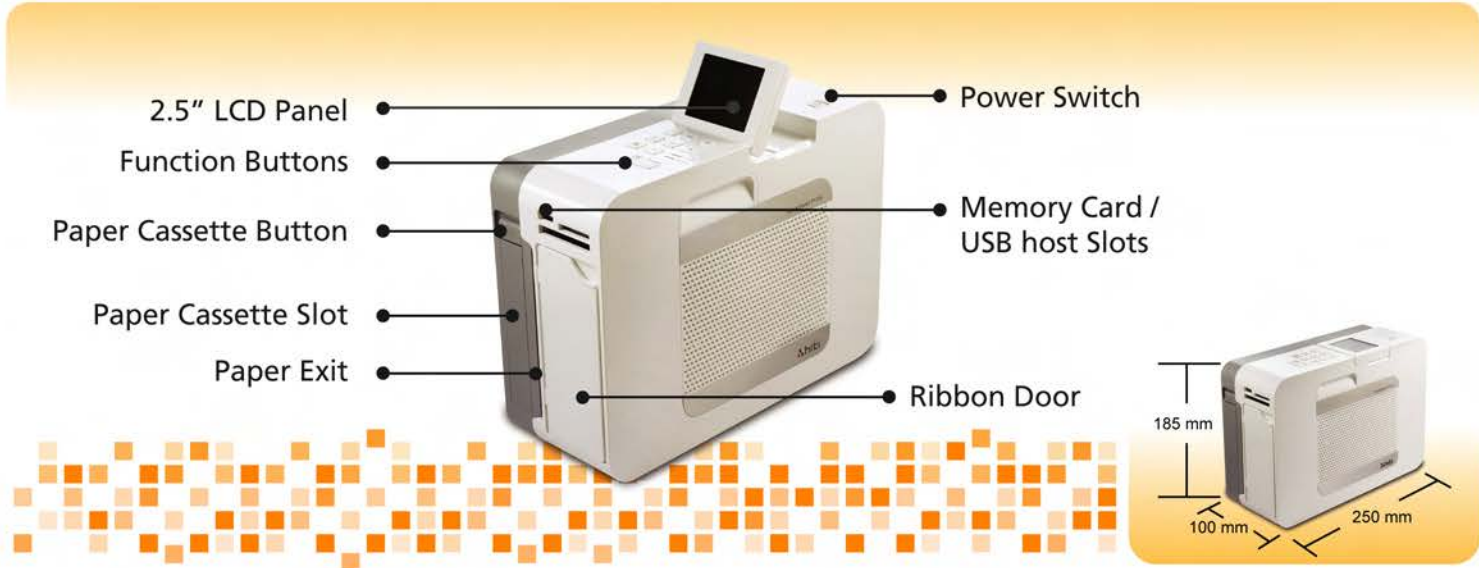

As demand increases for instant printing for events like parties, weddings, sight-seeing tours, etc., the mobile printing function and high quality output of the light-weight compact P110S will definitely give the event photographer an advantage over the others. Supporting software may be used to make customized e-frames for each customer. It not only records beautiful memories for customers, but also increases the commercial value for each print.

■ eFrame Converter

eFrame Converter is a dedicated utility / tool for users to convert TIFF files into HiTi designated eFrame formats. You design the eFrame in Photoshop, then use eFrame Converter to change the TIFF design into specific file formats the HiTi P110S can read.

► World Leading Printing Quality

2009 DIMA Shoot-Out Award Winner

With HiTi Color Technology inside, the HiTi P110S photo printer was honored by DIMA 2009 Shoot-Out Award in dye sublimation 4-by-6-inch category. The outstanding printing quality of HiTi P110S has been proven ahead of the market.

Color Optimization

HiTi Color Technology offers two color styles:

HiTi Passport Photo Color
HiTi Passport Photo Color produces superior skin tones in portrait. Skin tones will look more natural and wrinkles will be smoothed.

HiTi Classic Color
HiTi Classic Color provides brilliant life-like true color reproduction for your digital images.

► Functionalities

Easy Consumable Replacement

Unique "One Side Access" Design

- Easy consumable replacement when operating inside the dedicate-designed carrying bag
- Cassette loading for both ribbon/consumable for ease-of-use
- Maximum capacity of 60 prints per loading.

User-Friendly Design

Hot Key Design
P110S offers user-definable short cut for ID photo printing; only one button, users can switch to the pre-set most commonly used ID formats.

More e-Frames and ID formats
With a built-in storage, users are able to store several photo e-Frames and ID formats to the P110S for printing needs.

Carrying Bag* – An Essential Equipment For "On-the-Go" Printing

The P110S carrying bag is specially designed for HiTi P110S photo printer while the printer is setting inside the bag and being carrying around. The 3 main functions include –

- On location photo printing while photographer on the move
- Ultimate dust prevention while printing outdoor
- Dedicated heat-ventilation design for better air flow while printing in the bag

* Optional Purchase

* Detachable accessory pouch

* Heat-ventilation design

* Designed for left-sided carrying for better heat ventilation during the in-bag-printing
